

BRILLIANT OSHMAN SYSTEM FOR HEALTH AND SAFETY BEST PRICE & BEST VALUE GUARANTEED

What do you need?

You need to have a management system that will actually work and is not just a cheap product you can get from the internet. Nearly all of the systems on the internet are only examples and cannot be personalised or made into actual systems unless you spend 150 hours of your time making a proper system of 150 + pages.

What do you get?

OSHMAN is a proper management system that you can personalise in your own way in your own time to your own standard. The main plan has about 40 pages that need a line or two to make it into a real system.

OSHMAN also has 25 pages of common significant hazards.

OSHMAN has a very good 15 page site specific safety plan for site works.

OSHMAN has about 45 pages of high quality forms that will meet the requirements of the laws.

All of the above comes in a high quality folder ready to be implemented by personalisation of the main plan. The price is unbeatable and for example 1-3 staff is \$399 plus GST ; 4-6 staff is \$499 plus GST; 7-9 staff \$599 plus GST.

OSHMAN can easily have additional items that make it top quality for example -

- company doctor forms
- employment contract
- independent contractor
- application form for ACC discount

Significant hazards for specialised risks and industries are available. Our library has 1000 types of industries and your needs are likely to be \$99 for the main set plus \$33 for other sets.

How do you know the above is best value?

You will immediately let us know of any other better offer that has the same contents and quality.

We give away the 30-40 page editions that you can buy from competitors for hundreds of dollars. We promise that they will not work.

Many managers spend between \$400 plus GST per annum or \$550 plus GST for much inferior products that are one quarter the quality and coverage. They actually do not comply with AS/NZS standards.

How do you make payment?

You need to send us an order form as attached with a cheque and we will process and despatch within 10 days of getting your order.

You need to sign off the form properly to provide us with assurances for intellectual property and ongoing services.

We ask for your care and attention to help us get properly signed off documents so that we can action your order promptly. A witness needs to be 20 years of age or married and over 18 years of age.

What are you buying?

A high quality folder and use of the materials inside but you do not get ownership of the materials. You have immediate access to our services and expertise. We have helped 25,000 clients avoid thousands of potential prosecutions. You get a licence to use the materials for up to 7 years provided you agree to pay modest ongoing fees once negotiated/agreed.

The OSHMAN main plan and forms can be upgraded to a Summit 20 (for an additional fee of about \$1199) which is suitable for 20% discount from ACC and can help diligent clients that pay over \$10,000 premium, get up to 50% experience rating bonus on top of the discount.

**OSHMAN FOR ACC DISCOUNT & NZ GOVT SUBSIDIES

ROMALPA CLAUSE - Ownership of the above items selected for purchase or licence does not take place until full payment is made and actually banked successfully. **Cheques to be made payable to Summit Systems Ltd and crossed "Payee Only, Not Transferable".**

LIMITATION OF LIABILITY & TERMS OF TRADE – The Client agrees and gives assurance to indemnify Summit Systems Ltd and Business Performance International Ltd, their owners and managers and agents **against all legal claims of any nature** whatsoever. While Summit does not guarantee an ACC discount, it has on nearly all occasions been very successful. Overdue accounts (over 7 days) will accumulate **interest at 3% per month cumulative**. The Client will also be responsible for all debt collection fees from an agency or law firm. The Owner/s / Director/s of the business will personally guarantee and be liable for any outstanding accounts not paid on time.

DISCLAIMER - The above **system information does NOT meet all legal requirements**. Clients are advised to seek legal advice regarding their obligations and compliance satisfaction requirements. No-go ATV or farm bike areas need to be defined by the land owner then need to be made into information signs for staff training and sign off purposes. A copy of the legislation is provided to clients.

INTELLECTUAL PROPERTY - The Client or Purchaser agrees and gives assurance that the intellectual property is never to be copied to another person, company or entity in any manner whatsoever and only the forms may be copied for the site nominated above. The Client or Purchaser also understands and agrees that **the intellectual property is under licence for seven years and will always belong to the company (SSL)** and that it is not being sold. It is returnable. If the client does not agree to annual audits, the company may demand immediate return of all of the intellectual property. Annual audits are approx 33% p.a. of set-up (minimum \$400) plus GST, plus travel.
